

HOW TO ORDER DISPOSABLE TREATMENT KITS FOR THE EXABLATE NEURO PLATFORM

Use of the Exablate Neuro platform for an individual patient treatment requires the use of a disposable treatment kit. INSIGHTEC supplies kits for 5 patient treatments as one set. Below is the pricing and process for ordering the disposables kits, as well as scheduling the accompanying clinical support.

The process of ordering disposable supplies and scheduling clinical support for a patient treatment is as follows.

1. Contact Sales Operations by phone +1-786-679-1094 with a purchase order number and indicate the quantity of kits you would like to purchase or send the purchase order by email to SalesOps@Insightec.com.
2. When you have identified a tentative treatment date, notify your Insightec Clinical Representative of the intended treatment date at least 10 business days prior to the proposed date. Orders are typically fulfilled within one week but may take up to 60 days. Please manage your local inventory appropriately.
